# Think all toothpastes work the same? Let's take a look.

The evidence is clear.

**Colgate Total® provides 12-hour antibacterial protection your patients can't get from regular fluoride toothpaste.**

Colgate Total® works 3 ways:

- 1 **Adheres** to hard and soft tissue: teeth, gingiva, cheeks, and tongue<sup>1</sup>
- 2 **Actively kills** plaque- and gingivitis-causing bacteria more effectively than regular fluoride toothpaste<sup>2-4</sup>
- 3 **Lasts** for 12 hours after brushing—even after eating and drinking<sup>5</sup>

Sandra C. Andrieu  
ADEA President

*I'd like to take this opportunity to welcome you to the ADEA Fall 2010 Meetings in my hometown, New Orleans, Louisiana. Over the next three days, seven groups will converge, connect, and create during this annual tradition:*

- ADEA Annual Session Program Committee (ADEA ASPC)*
- ADEA Council of Faculties (ADEA COF)*
- ADEA Council of Hospitals and Advanced Education Programs (ADEA COHAEP)*
- ADEA Council of Sections (ADEA COS)*
- ADEA Council of Students, Residents, and Fellows (ADEA COSRF)*
- ADEA Meeting of Academic Deans*
- ADEA Sections on Admissions Officers and Student Affairs and Financial Aid Meeting (ADEA AFASA)*

*Each meeting here has its own purpose and agenda, but we'll also gather as a whole to absorb insights that will affect us all. Connecting on common ground builds bridges between our diverse professional roles.*

*I want to challenge you to think "outside the box" and prepare yourself and ADEA for the changing future of dental education. What can we create from our relationships, viewpoints, and communications that will enhance our roles as educators and administrators?*

*At least part of the answer to that question lies in interprofessionalism in providing health care and in teaching and learning together. Professional collaboration is a key to the future, both within our Association and in terms of disease prevention, maintenance of health, and optimum patient care.*

*Another forward-looking element of the ADEA Fall 2010 Meetings is the ADEA Future of Advanced Dental Education Admissions (ADEA/FADEA) project. ADEA/FADEA brings together leading practices in the evaluation and selection of applicants to dental residency programs in both general and specialty fields, through broad discussion and consultation with affected organizations and educators. On Thursday, ADEA COHAEP sponsors several open panel discussions on various aspects of ADEA/FADEA, which I hope many of you can attend.*

*With the synergy and excitement that will no doubt emerge from our experiences here, we will be on the road to shaping dental education for the future. The opportunities to begin a better tomorrow are here; it is our duty as educators to take hold of them and proceed forward.*

*Sandra C. Andrieu*

ADEA Fall 2010 Meetings Opening Plenary: Inspiring Leadership in Challenging Times

CE credit: 1

**Learning Objective:**

Identify different ways to communicate positive social change messages.

Mr. Derrick N. Ashong

Musician and social entrepreneur Derrick N. Ashong has found a myriad of ways to inspire, engage, and activate young people with positive messages for social change. Trained as a classical pianist and educated at Harvard University, he is also a self-taught guitarist and a performer, songwriter, and poet.

Recently he authored the hit song “From the Soul,” which won Billboard Magazine’s 2007 World Song Writing Competition, for the pan-African band Soulfège that he leads. He gave an interview outside a rally for Barack Obama in Los Angeles that has been viewed one million times on YouTube since its release.

Mr. Ashong is the founder of Take Back the Mic, a youth-centered niche and viral marketing and media firm. He is a member of the Next Generation Leadership Forum and a board member of the Interra Project, a consumer finance enterprise that helps reverse the impact of dollars spent with retailers that are not locally owned.

Plenary: The Three Dimensions of Diversity and Dental Education  
Moderator: Francis M. Curd, D.D.S., University of Nevada, Las Vegas  
CE credit: 1

#### Learning Objectives:

- Explain the importance of diversity to dental education.
- Analyze the three dimensions of diversity.
- Recognize how diversity can improve satisfaction and educational experience.

Kevin Barnett, Dr.P.H., M.C.P., Senior Investigator, Public Health Institute

What is diversity and why is it important to dental education? Evidence indicates diversity is associated with improved access to care, greater patient choice and satisfaction, and enhanced student educational experiences. But achieving diversity is more than increasing the enrollment of students from diverse backgrounds in our educational programs. Dr. Barnett will describe three “dimensions of diversity” and how they relate to dental education:

- Structural diversity
- Classroom diversity
- Institutional climate

10:00 – 10:15 a.m.

### Louisiana State University School of Dentistry Tour

ADEA President Sandra C. Andrieu and Dean Henry A. Gremillion cordially invite all ADEA Fall 2010 Meetings attendees to tour the Louisiana State University School of Dentistry (LSUSD) on Friday evening from 6:00 to 8:30 p.m.

LSUSD is the only dental school in Louisiana; 75% of all practicing dentists and hygienists in the state are graduates of the school. Over 300,000 square feet in size, LSUSD also provides dental services through a state network of 17 clinics. Degrees are offered in dentistry, dental hygiene, and dental laboratory technology; the school also offers a dental hygiene degree program to students in Lafayette and Baton Rouge through distance learning.
