

## LEGISLATIVE PRIORITIES: COMMITTEES OF JURISDICTION

The chart below outlines which congressional committees have influence over oral health, dental education and dental research legislation. To use the chart, locate the issue in which you are interested, moving across the chart, look for the check mark under the committees that influence each issue. As you can see, not only do bills have to proceed through both chambers, they may also have several committees that influence their outcome.

ISSUES ON WHICH ADEA-AADR WILL PLAY A LEADERSHIP ROLE
