Objectives

Understand

1. Purpose and structure of Coordinated Care Organizations (CCOs)
2. Impact of Affordable Care Act (ACA) on patient access to dental care
3. Impact of ACA and CCO on the dental school and steps taken to ensure a robust patient pool
Coordinated Care Organizations

Local communities step up to form new health care partnerships across the state

Coordinated care organizations have successfully been launched across the state. Fifteen CCOs are operating and about 90 percent of Oregon Health Plan members are enrolled in a CCO. Learn more about CCOs and how they are helping improve the care and health of Oregonians. +MORE

Coverage for children

**OHP provides dental services for children and teens under age 19.**

Coverage includes:
- Check-ups and cleanings twice every 12 months;
- Fluoride and sealants to prevent tooth decay;
- X-rays, fillings and extractions; and
- Exams and treatment for urgent dental needs (such as severe tooth pain or a knocked-out tooth).

Future

• Accept capitated payments for children
• Enhance referral process
• Negotiate with state
• Outcomes of coordinated care
• Cost of health care??
