ADEA LIAA Bylaws Approved

In June the ADEA Board of Directors approved the LIAA Bylaws and standard operating procedures. The ADEA LIAA Administrative Board had worked diligently to revise and update these documents. The approved Bylaws and SOP can be reviewed by going to adea.org/liaa and clicking on ADEA LIAA Bylaws at the bottom of the page or in the left navigation panel for the pdf.

ADEA Emerging Academic Leaders

Do you know a new faculty colleague who is an emerging leader? The ADEA Summer Program for Emerging Academic Leaders is designed for faculty members who have been in dental education for less than three years and who have demonstrated the potential for making significant contributions to academic dentistry. The program focuses on helping faculty plan and implement successful academic careers by cultivating leadership, facilitating networking with colleagues and providing mentorship from leaders in dental education.

The 2015 ADEA Annual Session & Exhibition will feature New Idea Sessions presented by the participants in the 2014 Emerging Academic Leaders program. The New Idea Sessions are designed to pique the interest of audience members with unique, unusual and innovative ideas in dental education. There will be five presentations, each of which represents a topic developed by the presenter’s peer group as a novel solution to challenges and trends within academic and clinical dentistry. The New Idea Sessions are the culmination for each group in the year-long Emerging Academic Leaders program. Each session will be 20 minutes and will take place in the Exhibition Hall on Sunday, March 8, at 2:30 p.m. More information about the ADEA Emerging Leaders can be found on adea.org/emergingleaders/
