Description of Program
This 4-year program leads to a Doctor of Dental Medicine (DMD) Degree and was designed for Internationally-Educated Dentists who are legal residents of the state of Florida. Florida residents have priority in admissions to this program. To be eligible for admissions, you must be a United States citizen or have a permanent resident visa, and proof of your status. Participants will join the first year predoctoral class at the time of matriculation and move with the class through the four (4) years of curriculum. Up to two students may be accepted into this program each year.
