

The University of Tomorrow School of Dentistry (UOT SOD) Vision and Mission statements set the stage for the school's Strategic Plan 2010–15 as shown below. The plan's stated outcomes are the markers and measures of progress used by the dental program to determine its programmatic effort to achieve its desired outcomes based on its Goals and Objectives.

| <b>University of Tomorrow Strategic Plan 2010–15*</b>                                                                                                                                           |                                                                                                                                                                                                                                                                    |
