Introduction

The American Dental Education Association (ADEA) is incorporated as a District of Columbia nonprofit corporation and as such is subject to the District of Columbia Nonprofit Corporation Code. As established by its Articles of Incorporation, the purpose of the Association is to advance and support dental education, dental research and the dental health and education of the general public, and it is recognized by the Internal Revenue Service as a 501(c)(3) organization.

ADEA is run by its members and has a democratically based governmental structure. Below is a summary of the Association’s structure and its policymaking procedures.

How ADEA Is Organized

It’s important to know how ADEA is organized in order to understand the Association’s policymaking procedures. Illustration 1 at the end of this section shows that ADEA is organized into four basic components: (1) the House of Delegates, e.g., the ADEA Governing Body; (2) the Board of Directors, the ADEA Executive Committee; (3) Councils and their administrative boards and (4) Sections.

ADEA House of Delegates

The ADEA House of Delegates is the Association’s governing (policymaking) body. It convenes twice at each ADEA Annual Session & Exhibition. The House of Delegates consists of the Board of Directors and all or some members of the Association’s seven councils. All members of the ADEA Councils of Deans and Faculties are delegates. The numbers of delegates from the ADEA Councils of Allied Dental Program Directors and Advanced Education Programs are based on percentages of those councils’ members. The number of delegates from the Council of Students, Residents and Fellows is comprised of the administrative board; members of the Council of Students, Residents and Fellows representing each of the 11 districts recognized by the Council; four advanced dental students, residents or fellows (two from hospital-based programs and two from non-hospital-based programs) and six allied dental students (two each from dental hygiene, dental assisting and dental laboratory technology education programs). The number of Section delegates depends on the number of sections. The councilor and chair of each section serve as delegates. The Administrative Board of the ADEA Corporate Council serves as delegates.

ADEA Board of Directors

The Board of Directors is ADEA’s executive committee and is responsible for running the Association’s affairs between ADEA Annual Sessions. It has 11 members—Chair of the Board, Chair-elect of the Board, Immediate Past Chair of the Board, Board Directors for each of the seven Councils and the President and CEO. The Board of Directors can establish ad hoc interim Association policies, rules and regulations, provided that such policies are not in conflict with existing Association policy and Bylaws and are presented for review at the next meeting of the House of Delegates.

ADEA Councils

Six of the Association’s seven councils represent different constituencies at ADEA Member Institutions. The seventh consists of the councilor and chair of each ADEA section (see below). Councils represent their constituencies in the Association and at its Member Institutions. They
identify, initiate and oversee projects and reports of value to their members and other Association members. Councils may also participate in the Association’s policymaking process. When requested, they identify potential consultants to the Board of Directors and other groups. All councils meet at the ADEA Annual Session, and some hold additional meetings between Annual Sessions.

The Council of Allied Dental Program Directors consists of the directors and administrators of dental hygiene, assisting and laboratory technology education programs conducted by Institutional/Affiliate Member Institutions. In addition, the council includes directors of advanced allied dental education programs at the post-entry level that lead to a baccalaureate or advanced degree at institutions that are not ADEA Institutional Members.

The Council of Deans consists of the dean of each Institutional and Provisional Member Institution, the chief dental administrator of each Affiliate Member institution conducting non-hospital-based advanced dental education programs, the chief dental officer or administrator of each Affiliate Member federal dental service and the President of the Association of Canadian Faculties of Dentistry.

The Council of Faculties consists of one faculty member elected by the faculty of each Institutional and Provisional Member Institution.

The Council of Advanced Education Programs includes faculty in Commission on Dental Accreditation-approved advanced dental education programs located in ADEA Member Institutions, Residents and Fellows in Commission on Dental Accreditation-approved advanced dental education programs located in ADEA Member Institutions and past members of the COAEP Administrative Board who are appointed to or employed in an ADEA Member Institution.

The Council of Sections Each Section consists of any Individual, Student, Affinity Member, Retired and Honorary ADEA member interested in the Section’s particular academic or administrative area. An ADEA member may join any number of Sections.

The Council of Students, Residents and Fellows consists of students, residents and fellows representing any of the following types of programs conducted by each Active, Provisional and Affiliate Member Institution: (a) students, residents and fellows in a program leading to the D.D.S. or D.M.D. degree; (b) students, residents and fellows enrolled in advanced dental education programs; (c) students, residents and fellows in dental hygiene education programs; (d) students, residents and fellows in dental assisting education programs and (e) students, residents and fellows in dental laboratory technology education programs.

The Corporate Council consists of the official representative of each Corporate Member.

Council Representation in the House of Delegates:

All members of the Council of Deans serve as delegates to the House of Delegates.

All members of the Council of Faculties serve as delegates to the House of Delegates. Members are elected or appointed by their institutions.

The Council of Allied Dental Program Directors delegates to the House of Delegates are nominated by members of the Council and approved by the Council’s Administrative Board. The Administrative Board also serves as delegates to the House of Delegates.

The Council of Advanced Education Programs delegates to the House of Delegates include representatives from the dental specialties who are nominated and reviewed by the Council’s Administrative Board. Delegates that represent programs may self-nominate or are nominated by the Council’s Administrative Board. Delegates are appointed by the Council’s Administrative Board.
The Council of Sections delegates to the House of Delegates include the Councilor and Chair of each Section. The members of the Administrative Board also serve as delegates to the House of Delegates.

The Council of Students, Residents and Fellows elects delegates at the Annual Session & Exhibition. Each Member Institution represented at the Council meeting to elect delegates gets one vote.

The Corporate Council delegates to the House of Delegates consist of the Council’s Administrative Board.

**Council Administrative Boards**

Each council has a five-member administrative board, consisting of a Board Director (who is an Association officer who serves on the ADEA Board of Directors), a Chair, a Chair-elect (or Vice-chair in the Council of Students, Residents and Fellows), a Secretary and a Member-at-Large. Each administrative board meets at least once between Annual Sessions and is responsible for planning its council’s ADEA Annual Session & Exhibition program and for managing the council’s affairs. Administrative boards relate to their councils much as the Board of Directors relates to the House of Delegates.

**Sections**

Each ADEA Individual, Student, Affinity, Honorary or Retired Member may join any of the Association’s sections. Each section is concerned with a particular academic or administrative area. Individual members may attend the meetings of any sections but can participate in the business affairs of only those to which they belong. Each section has a Councilor, Chair, Chair-elect and Secretary. The section officers function much as the council administrative boards do, in that they plan their section’s ADEA Annual Session & Exhibition meetings and manage the section’s affairs between Annual Sessions.

**Standing and Special Committees**

The Board of Directors or the House of Delegates may appoint Standing and Special Committees to assist in performing its duties. Committees of the Board of Directors and House of Delegates shall have two or more directors or delegates, and directors must constitute a majority of committee membership. The Board of Directors may also appoint Advisory Committees. Task forces may include any Individual Member and does not require Director membership.

How Resolutions Are Introduced and What Happens to Them

Resolutions are the vehicles by which the Association’s policies and administrative procedures are established, amended or deleted.

Procedures Regarding Resolutions

- Resolutions may be presented to the House of Delegates either by the Board of Directors or by any delegate in writing, up to and including the Opening of the House of Delegates.
- Any Individual Member may submit a resolution to the Board of Directors by December 1, prior to the next Annual Session & Exhibition, which in its discretion may or may not choose to forward it for further consideration.
- Resolutions not brought before the last Board of Directors meeting prior to the Annual Session & Exhibition may be introduced at the Opening of the House of Delegates and must be presented by a delegate.
- Resolutions brought after the Opening of the House of Delegates cannot be considered by the House until the following year. The resolution can be sent immediately after the Annual Session & Exhibition to the President and CEO, who then presents it to the Board of Directors for consideration before the next Annual Session & Exhibition.
- At its discretion, the Board of Directors may submit resolutions to an appropriate Association component group for advice before forwarding the resolution to the House of Delegates.
- Annually, the Board of Directors appoints Reference Committee Members to hold hearings at the Annual Session & Exhibition on resolutions being presented to the House of Delegates and to make recommendations on those resolutions upon request of the Board of Directors.
- Resolutions proposing expenditure of Association funds must be accompanied by a cost impact statement estimating the amount of funds required and the period of expenditure.
- Resolutions proposing changes in the ADEA policies and Bylaws must specify how the ADEA Policy Statements, Position Papers and Bylaws would be affected.

Staff will assist members in drafting resolutions and estimating expenditures.

Format of Resolution

Resolutions must follow a specific format. They should not be numbered because staff assigns numbers.

“Whereas” clauses should not be used. Instead, when necessary, a succinct background statement should precede the resolution.

The following fictitious statement and resolution exemplifies the format of an ADEA resolution.
Sample ADEA Resolution
Board of Directors Quorum

The present Bylaws of the American Dental Education Association provide that a majority of the members of the Board of Directors constitutes a quorum for the transaction of business. It is believed that the quorum requirements should be increased because it is presently possible for only six individuals to make important decisions affecting the Association. The following resolution is therefore presented for consideration.

Resolved, that the quorum requirement for the Board of Directors be increased from a majority of the members to two thirds of the members;

and be it further

Resolved, that Bylaws Chapter IV (Board of Directors), Section E (Quorum), which reads:

Section E. Quorum. A majority of the members constitutes a quorum for the transaction of business at regular or special sessions.

Be amended to read:

Section E. Quorum. Two thirds of the members constitute a quorum for the transaction of business at regular or special sessions.

What Can Happen to a Resolution Introduced Between Annual Sessions
How ADEA Reference Committees Function

Purpose

Before each ADEA Annual Session & Exhibition, the ADEA Board of Directors appoints two Reference Committees, the ADEA Reference Committee on Association Administrative Affairs and the ADEA Reference Committee on Association Policy. Most resolutions to be considered by the ADEA House of Delegates are referred to one of these committees. Resolutions dealing with administrative, procedural, and business affairs of the Association are referred to the Reference Committee on Association Administrative Affairs. Resolutions dealing with the policies and public positions of ADEA are referred to the Reference Committee on Association Policy.

The Reference Committees hold hearings at the Annual Session, at which all individual members have an opportunity to discuss and debate the resolutions before they are considered by delegates at the Closing Session of the House. After their hearings, the Reference Committees write reports recommending specific actions on each resolution, and the reports are presented at the Closing Session of the House of Delegates.

Hearings

Hearings are open to all individual members and other ADEA Annual Session & Exhibition participants. Reference Committee chairs have the authority to determine whether a nonmember may speak.

At their hearings, each Reference Committee provides an opportunity for discussion on each resolution referred to it. A Reference Committee must recommend action to the House on each resolution, even if there is no discussion at the hearing. However, if there is no discussion, a Reference Committee need not necessarily recommend approval of a resolution; it can recommend another action. Reference Committees have considerable authority; they may recommend the adoption of a resolution, the rejection of a resolution, to amend and adopt the amended resolution or refer the resolution to the ADEA Board of Directors for further study. Action on a resolution cannot be postponed beyond the close of the 2020 House of Delegates. Each committee should, in its report, explain its recommendations briefly, noting the reasons for agreement or disagreement with the original recommendations.

A Reference Committee chair cannot permit motions or votes at hearings because Reference Committees are intended only to receive information and opinions. Further, a chair may not debate points, either at the hearing or the Closing Session of the House.

There is more on Reference Committees specific to the 2020 ADEA Annual Session & Exhibition in the next section.

Procedures for the Conduct of Business in the ADEA House of Delegates

Alternates

Council members unable to attend a House of Delegates Meeting or a Council meeting, or who serve in the House of Delegates in two or more positions (e.g., as a member of the Council of Faculties and Council of Sections), may appoint alternates to represent them. Members of the Councils of Allied Dental Program Directors; Advanced Education Programs; and Students, Residents and Fellows must appoint alternates who are members of their Councils. Members of the Council of Sections must appoint the Chair-elect or Secretary of their Sections. Members of the Councils of Deans and Faculties must appoint individuals from their institutions.

Delegates representing two or more Councils in the House of Delegates must decide which Council they wish to represent and then appoint an alternate(s) for the other Council(s) according to the foregoing guidelines. All Alternates must be ADEA Individual Members. Corporate Council Administrative Board members unable to attend a House of Delegates Meeting may appoint alternates to represent them; such alternates must be members of the Corporate Council. All Council alternates to the House of Delegates must be selected prior to the ADEA Annual Session & Exhibition and be ratified by the appropriate Council prior to the Opening of the House of Delegates. Please notify ADEA of the name of the alternate. This notification can be done by emailing ADEA prior to the ADEA Annual Session & Exhibition or when picking up voting cards at the ADEA House of Delegates booth in the registration area of the ADEA Annual Session & Exhibition.

Admission Cards

At registration, each delegate (or alternate) will receive three cards: (1) one for admission to the Opening Session of the House, (2) one for admission to the Closing Session and (3) one for balloting for Chair-elect of the Board of Directors if an election is required. Each delegate and alternate will surrender the signed, appropriate card when entering the floor for the Opening and Closing Sessions. Any delegates or alternates who misplace their credentials should immediately report the loss to staff in the Association’s registration area.

Seating of Delegates

Delegates are seated by council affiliation, and each delegate is required to sit with his or her council. The council seating areas will be marked by signs.

Visitors

All registered ADEA Annual Session & Exhibition participants are not only invited but encouraged to attend the ADEA House of Delegates sessions, as well as meetings of the Reference Committees. There will be visitors’ seating sections at both the Opening and Closing Sessions.

Presiding Officer

The Association’s Chair of the ADEA Board of Directors—Dr. Henry Gremillion—is the presiding officer of the House. In the absence of the Chair of the ADEA Board of Directors, the Chair-elect of the ADEA Board of Directors is the presiding officer. The Chair may cast a vote in cases when their vote could alter the outcome, appoint tellers to assist in determining the result of any action taken by ballot and perform any other duties required by the rules of order.
Recording Officer
The ADEA President and CEO is the recording officer of the ADEA House of Delegates and the custodian of its records. The President and CEO may appoint a public stenographer to record the verbatim proceedings of the Opening and Closing Sessions of the House.

Rules of Order
The rules contained in the latest edition of the American Institute of Parliamentarians Standard Code of Parliamentary Procedure govern the deliberations of the House in all cases where they are applicable and not in conflict with the Association’s Bylaws.

Parliamentarian
A parliamentarian will be present during the sessions of the House of Delegates.

Explanation of Motions
To avoid confusion, each type of motion is assigned a definite rank as shown in the tables on pages 24–26.

The rank is based on the urgency of each motion. When a motion is before the House, any motion is in order if it has a higher precedence or rank than the immediately pending motion, but no motion having a lower precedence is in order. Motions are considered and decided in a reverse order to that of their proposal. For example, a motion to amend the main motion is dispensed with before the main motion, and a motion to amend an amendment is voted on before the original motion to amend.

After a motion to approve is made and seconded, the resolution is before the House for debate, amendment and final action. A motion to approve is a main motion, and a vote by the House disposes of the resolution.

A motion to postpone to a certain time may be used to defer consideration of a resolution until some definite future time during this ADEA Annual Session & Exhibition. Resolutions may be referred to the ADEA Board of Directors, councils or sections for their recommendations.

Amendments to the ADEA Bylaws
A Bylaws amendment is enacted if it receives an affirmative vote of at least two thirds of the delegates present and voting.

Voting Procedures During ADEA House of Delegates Sessions
The presiding officer usually determines the method of voting during sessions of the House. He or she may choose a voice vote, a show of hands, a standing vote or a secret ballot, depending on the closeness of the vote and the presiding officer’s sense of the House.

1. Motions are in order only if no motion higher on the list is pending. Thus, if a motion to close debate is pending, a motion to amend would be out of order; but a motion to recess would be in order, since it outranks the pending motion.
2. Restricted.
3. Is not debatable when applied to an undebatable motion.
4. A member may interrupt the proceedings but not a speaker.
5. Withdraw may be applied to all motions.
6. Renewable at the discretion of the presiding officer.
7. A tie or majority vote sustains the ruling of the presiding officer; a majority vote in the negative reverses the ruling.
8. If decided by the assembly, by motion, requires a majority vote to adopt.
Voting for Chair-elect of the ADEA Board of Directors

The 2020 Nomination Process for Chair-Elect of the ADEA Board of Directors

The ADEA Board of Directors placed several calls for nominations in the Bulletin of Dental Education, Journal of Dental Education and on the ADEA website.

All members were invited to nominate as many individuals as they wished, including themselves.

The Council Administrative Boards were also invited to nominate candidates; however, the Boards were not informed of the identity of the other candidates. In order to maintain confidentiality, only the Nominating Committee and the ADEA President and CEO knew the identity of all nominees.

The deadline for submitting nominations was November 1, 2019.

The ADEA Board of Directors Presents the Following Candidates for Chair-elect of the ADEA Board of Directors.

Upon the recommendation of the Nominating Committee, the Board of Directors presents two candidates for the 2020–2021 ADEA Chair-elect of the ADEA Board of Directors. (The office leads in successive years to the offices of Chair of the ADEA Board of Directors and Immediate Past Chair of the ADEA Board of Directors.) The candidates, for whom a brief biographical sketch follows, are:

- Dr. Ana N. López-Fuentes, Professor and Former Dean, University of Puerto Rico School of Dental Medicine
- Dr. Keith Mays, Associate Dean for Academic Affairs, University of Minnesota School of Dentistry

The members of the ADEA House of Delegates will cast ballots for Chair-elect of the ADEA Board of Directors during the 2020 ADEA Annual Session & Exhibition. Delegates may cast their ballots for Chair-elect of the ADEA Board of Directors between 8:00 a.m. and 4:00 p.m. on Sunday, March 15 and between 8:00 a.m. and noon on Monday, March 16. Voting will take place at the ADEA House of Delegates booth in the designated conference registration area. These are the only times when a delegate (or alternate) may cast a ballot for Chair-elect. Only a delegate (or official alternate) may vote, and he or she will surrender his or her voter registration card to receive a ballot.
Ana N. López-Fuentes, D.M.D., M.P.H.  
Professor and Former Dean  
University of Puerto Rico School of Dental Medicine

I want to thank my colleagues in dental education for nominating me for the position of 2020–21 Chair-elect of the ADEA Board of Directors. It would be a distinct honor and privilege to serve as the next ADEA Chair-elect.

ADEA has been a partner and resource for all of us in dental education, shaping our lives, giving us tools for leadership development, and leading the way in dental education and advocacy. ADEA has become a global voice in the academic and professional communities.

When Hurricane Maria hit Puerto Rico in 2017, ADEA helped our school through the catastrophe with crucial support that allowed us to take control of our situation and supply our students with meals, water and provisions, thereby allowing our students to aid the entire community with dental care in a time of crisis. This was an excellent example of the immense power of collaboration between associations, dental schools, corporate and professional organizations and individuals. I was Dean of the dental school during those turbulent times. The importance of the network, learning experiences, and leadership training that ADEA gave me couldn’t have been clearer. With these resources, we were able to keep our school accredited and open, help our students and staff with bottled water and food until December 2017, give psychological and other support, and help our communities. The lessons I learned from that experience about the power of collaboration, plus my love and passion for dental education and ADEA, motivate me to accept the nomination for Chair-elect of this unique organization.

This is an exciting and crucial time for dental education. We have a new President and CEO and a new strategic plan. Both are significant forces in shaping the future of dental education. In the coming years, we will need to address some imperative topics: advocacy, interprofessional collaboration and care, wellness and well-being, innovative new curriculums, technological advances, exciting research collaborations, licensure reform and portability, and the crucial need for a diverse pipeline, student body, faculty, staff and workforce. As Chair-elect I will concentrate on working with ADEA on these important areas within the strategic plan. I will give particular attention to student and faculty wellness, inclusiveness, and the curricular innovations we need to prepare our graduates for an ever-changing work environment. I will also support ADEA in becoming a stronger voice for global collaborations in academic dentistry.

I have been involved in dental education for more than 30 years and I have been an ADEA member since 1992. ADEA has shaped my career and given me the tools to thrive in my pathway to leadership. I am extremely grateful to my friends and mentors in our family at
ADEA that have given me the opportunity to grow as a professional and human being. This network has helped me thrive in the most difficult times and has given me the opportunity to give back what I have learned.

Through my membership in ADEA, I have been a member of the Council of Faculties, Council of Deans Administrative Board, numerous committees, advisory boards and part of almost every leadership training that the organization has offered. I have presented posters, spoken at annual meetings, and served on planning committees. I have also participated in the ELAM program and Bell’s Leadership Institute.

As ADEA’s Women Liaison Officer for more than two decades, I advocated for the needs and advancement of women and chaired the Women’s Advisory Board. I networked with excellent leaders to represent the needs of faculty members who are women. I helped write the proposal for the new ADEA’s Women in Leadership Special Interest Group. My various roles in ADEA’s International Women’s Leadership Conferences celebrated in Canada; Brazil; Barcelona, Spain; and Brescia, Italy also helped me learn more about the impact of women trailblazers in our profession and beyond.

As the Diversity and Inclusion Advisory Committee (DIAC) Co-chair; I have been privileged to work with an excellent group of professionals and ADEA’s staff to develop the first Access, Diversity and Inclusion Framework (ADI) and the ADEA Faculty Diversity Toolkit. Both of these guides will serve as landmark tools in the profession adding value to our institutions.

In 2015, I became the first dean from the University of Puerto Rico (UPR) and the first Hispanic to be part of the Administrative Board of the Council of Deans. During that time, we survived two hurricanes, including the catastrophic Hurricane Maria, where we learned how resilient our people are. I received the 2018 Chair of the Board Citation for these efforts and other significant contributions to dental education. As Dean of the UPR School of Dental Medicine, I was instrumental in the creation of collaborations and alliances with other institutions, amendment of the local dental law, and the approval of a periodontics graduate program. I championed renovations to the dental school and adding new educational technologies, among other landmarks.

Before becoming dean, I was associate dean for academic affairs, helped in many curricular revisions and in four accreditations of the dental school. As a faculty member, I had started by teaching expanded functions dental assistants and hygienists, and helped implement the first dental assistant program in Granada, Spain. At UPR, I founded the AAWD Student Chapter 15 years ago and have remained the chapter’s advisor, celebrating the Smiles for Success activity empowering women victims of gender violence with beauty and smile makeovers. In 2018, I also founded the Hispanic Dental Association Student Chapter and as Community Dentistry Section Chief started the Give Kids A Smile annual community service activities throughout the island, celebrating its 15th anniversary in 2020.

At the national level I have been privileged to serve as a Commission on Dental Accreditation Site Visitor, on the Board of Trustees of the Hispanic Dental Association and as a member of the ADA’s Diversity President’s Summit Group and Think Tank. I am currently serving the Drexel University’s Hedwig van Ameringen Executive Leadership in Academic Medicine (ELAM) program as a 2019-2020 Faculty Advisor and 25th Anniversary Planning Committee Member. The opportunities to be part of these groups have been great experiences that will help me as the new Chair-elect to work alongside all of ADEA’s constituents.
As my career path demonstrates, I am a passionate advocate for students, faculty, underrepresented minorities, women, dental assistants and hygienists. I have worked alongside the corporate world, bringing access, education and oral health to our communities inside and outside Puerto Rico. We must continue to work together, collaborating and forming strategic alliances in the best interest of dental education and our communities to improve access to oral health and make our schools indispensable to society. As The Voice of Dental Education, we must continue to be ambassadors nationally and globally alongside our sister associations in delivering the message of oral health as systemic health and wellness.

As Chair-elect I look forward to working with each one of you, the councils, ADEA’s staff and the Board of Directors to continue advancing our strategic goals of fostering more humanistic and inclusive environments while providing leadership on issues impacting dental education and the health of the public.
Keith A. Mays, D.D.S., M.S., Ph.D.
Associate Dean for Academic Affairs
University of Minnesota School of Dentistry

We are currently living in a season of health care transformation, and the American Dental Education Association is in great
position to continue as an influencer, shaping the role that oral
health plays in overall health. The influence of technology,
research and educational innovations present opportunities to
educate our students and residents for a bright future as oral
health care providers. ADEA, as The Voice of Dental Education,
advocates with federal legislatures and NIH, collaborates with
stakeholders to advance oral health, and partners with other
dental organizations to create a “well-prepared and diverse oral health workforce [that] is
improving the health of all individuals and communities.” I am honored to be nominated for
the position of Chair-elect to the 2020 ADEA Board of Directors. If elected, I will work with the
ADEA Board and ADEA staff to promote our updated vision, mission, strategic goals and
initiatives, as well as represent the unique needs of individual members and the seven councils.

I joined ADEA in 2003 and have enjoyed the opportunity to serve the Association in various
capacities. I have desired to be a dental educator since being a student at the University of
Michigan. I began my career as a dental educator at the University of Maryland School of
Dentistry, as a part-time Assistant Clinical Professor, and then became the Assistant Director of
the University of Maryland General Practice Residency Program. Two milestones happened
during my time at the University of Maryland. First, I obtained my Ph.D. studies, which I
completed in 2010. Second, I became involved in ADEA. At that time, I was involved with two
Sections, the Section on Prosthodontics and the Section on Minority Affairs. In 2005, I was
elected to be the Secretary of the Section on Minority Affairs and continued to become the
Chair and later elected Councilor. This is the role that allowed me to interface with the Council
of Sections, exposing me to the broader work of the Association.

I believe strongly in the value that ADEA provides to its members and member institutions, as I
have personally experienced the value by gaining knowledge and leadership development.
One of the first opportunities that allowed me to understand the importance of transformation
was when I chaired the Council of Sections Program Fund Task Force. I grew through this
experience of helping to shape a new process that required sacrifice for the greater good. One
of the other experiences that I was afforded was when I was invited by Gerry Glickman to serve
on the 2012 Presidential Task Force on the Cost of Higher Education and Student Borrowing. I
learned so much about the magnitude of the complexities associated with student debt and
borrowing. I will always remember the opportunity I had to serve on the ADEA Annual Session
Planning Committee (ASPC), ultimately serving as the ASPC Chair. For the past three years I
have had the pleasure of representing the Council of Sections as the Board Director for
Sections on the ADEA Board of Directors, which has been a great journey and a significant
leadership opportunity.

This past June the ADEA Board completed the update of the strategic framework, and it
highlights several significant issues facing dental education. This work was very important as it
sets the course of our Association as we transition. I believe that my participation in that
process puts me in a unique position to serve as Chair-elect. Each of the strategic initiatives is
important, but I would like highlight a few that resonate deeply with me. This is a pivotal time,
based on the age demographics of our faculty, to develop and support efforts to recruit and
retain faculty that represent all of society and who inspire future educators. As dental
institutions are faced with fiscal challenges and disruptions in health care, it is imperative that
we work develop sustainable models and/or promote existing best practice. This is important
as we strive to provide education and research that achieves the missions of our parent
institutions and the needs of the communities in which we reside. Finally, I will continue our
work on licensure reform, member engagement, and exploring opportunities on the global
platform.

Actions at the Opening Session of the ADEA House of Delegates

1H-2020

American Dental Association Council on Dental Education and Licensure Member

The current ADEA representatives to the ADA Council on Dental Education and Licensure (ADA CDEL) and their termination dates (in the fall of the years shown) are:

- Dr. Bruce Donoff, Harvard School of Dental Medicine (2020)
- Dr. Linda Niessen, Nova Southeastern University College of Dental Medicine (2021)
- Dr. Uri Hangorsky, University of Pennsylvania School of Dental Medicine (2022)
- Dr. Steven Lepowsky, University of Connecticut School of Dental Medicine (2023)

Dr. Donoff will complete his term on the ADA CDEL this fall at the close of the 2020 ADA Annual Session. Thus, the 2020 ADEA House of Delegates will have to appoint a new ADA CDEL member. To succeed Dr. Donoff on the Council, the ADEA Board of Directors is recommending that the ADEA House of Delegates elect Dr. Eileen Hoskin, Rutgers, The State University of New Jersey, School of Dental Medicine, to a four-year term to expire in 2024.

The ADEA Bylaws allow delegates to nominate additional candidates for ADA CDEL membership at the Opening Session of the House. (Please note: ADA CDEL members must be active members of the ADA.) Any delegate presenting a nominee must obtain the candidate’s consent to run and a copy of the candidate’s curriculum vitae, which will be made available for delegates’ review in the ADEA Registration Area.

The ADEA Board of Directors asks the ADEA House of Delegates to approve the following resolution:

1H-2020 Resolved, that the ADEA House of Delegates appoint Dr. Eileen Hoskin to a four-year term on the ADA Council on Dental Education and Licensure with the term to begin at the close of the 2020 ADA Annual Session and conclude at the 2024 ADA Annual Session.
The current ADEA representatives on the Commission on Dental Accreditation (CODA) and their termination dates (in the fall of the years shown) are:

- Dr. Steve Friedrichsen, Western University of Health Sciences College of Dental Medicine (2020)
- Dr. Lawrence Wolinsky, Texas A&M University College of Dentistry (2021)
- Dr. Bruce Rotter, Southern Illinois University School of Dental Medicine (2022)
- Dr. Marsha Pyle, University of Missouri - Kansas City School of Dentistry (2023)

Dr. Wolinsky’s appointment as a Commissioner will end at the close of the 2021 ADA Annual Session. In 2011, the Commission adopted an enhanced six-month training period for all new Commissioners, thus requiring sponsoring organizations to appoint new Commissioners in advance to participate in the additional training, which will occur in fall 2020.

The ADEA Board of Directors is recommending that the 2020 ADEA House of Delegates elect Dr. Frank Licari, Roseman University of Health Sciences College of Dental Medicine – South Jordan, Utah, to a four-year term beginning Fall 2021 and to expire in 2025.

The ADEA Bylaws allow delegates to nominate additional candidates for CODA membership at the Opening Session of the House. (Please note: ADEA appointees to CODA must be active members of the ADA.) Any delegate presenting a nominee must obtain the candidate’s consent to run and a copy of the candidate’s curriculum vitae, which will be made available for delegates’ review in the ADEA Registration Area.

The ADEA Board of Directors asks the ADEA House of Delegates to approve the following resolution:

**2H-2020**

Resolved, that the ADEA House of Delegates appoint Dr. Frank Licari to a four-year term (2021-2025) on the Commission on Dental Accreditation.
Under the rules of the Commission on Dental Accreditation (CODA), the American Dental Education Association (ADEA) and the American Student Dental Association (ASDA) jointly appoint one student commissioner every two years. The tradition has been for the associations to alternate in recommending an individual to be appointed to this position for approval by the governing bodies of both associations. Since the CODA student commissioner appointed in 2018 was selected by ADEA, in 2020 the CODA student commissioner appointee is selected by ASDA.

ASDA has nominated Mr. Marco Gargano, Louisiana State University. The ADEA Board of Directors recommends the 2020 ADEA House of Delegates approve Mr. Marco Gargano to a two-year term to begin at the close of the 2021 ADA Annual Session and expire at the close of the 2023 ADA Annual Session, with a training year following the close of the 2020 ADA Annual Session.

The ADEA Board of Directors asks the ADEA House of Delegates to approve the following resolution:

3H-2020 Resolved, that the ADEA House of Delegates elect Mr. Marco Gargano to a two-year term on the Commission on Dental Accreditation with the term to begin at the conclusion of the 2021 ADA Annual Session and end at the conclusion of the 2023 ADA Annual Session.
The Joint Commission on National Dental Examinations (JCNDE) consists of three representatives each from the American Dental Association (ADA) and American Dental Education Association (ADEA), six from the American Association of Dental Boards (AADB), and one each from the American Dental Hygienists’ Association (ADHA), the American Student Dental Association (ASDA) and the public sector. The JCNDE members previously appointed by the ADEA House of Delegates and their termination dates (in the fall of the years shown) are:

- Dr. Cataldo Leone, Boston University Henry M. Goldman School of Dental Medicine (2020)
- Dr. Joseph Zambon, University at Buffalo School of Dental Medicine (2021)
- Dr. John Da Silva, Harvard School of Dental Medicine (2022)

Dr. Leone will complete his term on JCNDE this fall at the close of the 2020 ADA Annual Session. The ADEA Board of Directors is recommending that the House appoint Dr. Rachel Hogan, Oregon Health & Science University School of Dentistry, to a four-year term to expire at the close of the ADA Annual Session in 2024.

The ADEA Bylaws allow delegates to nominate additional candidates for JCNDE representative at the Opening Session of the House. (Please note: JCNDE members must be active members of the ADA.) Any delegate presenting a nominee must obtain the candidate’s consent to run and a copy of the candidate’s curriculum vitae, which will be made available for delegates’ review in the ADEA Registration Area.

The ADEA Board of Directors asks the House to approve the following resolution:

4H-2020 Resolved, that the ADEA House of Delegates elect Dr. Rachel Hogan to serve a four-year term on the Joint Commission for National Dental Examinations with the term to begin at the conclusion of the 2020 ADA Annual Session and end at the conclusion of the 2024 ADA Annual Session.

Overview of the Fiscal Year 2021 Budget for American Dental Education Association

PROPOSED FISCAL YEAR 2021 (FY2021) BUDGET
Prepared for the ADEA Finance Committee and ADEA Board of Directors
January 21, 2020

The proposed FY2021 (July 1, 2020–June 30, 2021) Association budget was developed over the last four months through a collaborative process involving ADEA staff. Based on these discussions among staff and leadership, the proposed FY2021 budget focuses on ADEA’s proposed 2019–2022 Strategic Directions as well as striving for overall cost efficiencies. As much as possible, the budget projections are based on historical information from FY2017 through FY2020 (note that approximately half of FY2020 was completed at the time the proposed FY2021 budget was prepared) and on priorities for the coming fiscal year. These priorities include recruitment of applicants to our centralized application services and harnessing existing and new data to identify new opportunities for ADEA.

The spreadsheets (Exhibits 1-2021 and 2-2021) accompanying this overview include the following comparative data:

- The ADEA Board of Directors approved budget for FY2020.
- The proposed budget for FY2021.

**REVENUE**

The proposed total budgeted revenue for the Association in FY2021 is $27,699,114. Revenue for FY2021 increases 5% from the FY2020 budget and increases 6.7.0% from FY2019 actual results. The difference in budgeted operating revenue versus the FY20 budget and fiscal year FY19 actual operating revenue is primarily driven by a 3% increase in projected Application Fees with total submitted applicants rising slightly, especially in PASS and CAAPID.

The other significant sources of revenue for ADEA include Membership Dues, Publications and Advertising, Grants and Sponsorships and Meetings Registrations.

In addition, there is a budgeted difference in overall FY2021 revenue compared with FY2019 actual revenue due to $1.02 million in Investment income in FY2019 versus $100,000 projected for FY2021. The investment income budgeted for FY2021 is equal to anticipated investment expenses and grants paid by the GIES Foundation. Additional anticipated investment revenue is not included in ADEA proposed operating budgets.

**Membership Dues ($2,251,365)**

Modest changes in total dollars by category are driven by increases or decreases in the number of members in each category based on staff estimates for FY2021. There are no proposed changes to the level of dues in any membership category.

**Active**

Revenue from Active Member dues is budgeted at $1,735,496 and is based mainly on 68 U.S. dental schools at $25,522 each. For FY2021 we will add two additional school to our Active Membership. Individual school dues in this membership category have not changed since 2004.
Affiliate
Revenue from Affiliate Member dues is budgeted at $259,508 and based on the current affiliate institutional membership of Canadian dental schools at $1,815 each, 1 allied members at $945 each, hospital-based members at $984 each, four advanced education non-hospital members at $3,998 each, and 6 federal members at $3,922 each. Dues in this membership category have not changed since 2004.

Corporate
The proposed total budgeted dues revenue of $243,750 in this category is based on 55 Corporate Members at $3,750 each. We are being conservative in this area as the industry consolidates with acquisitions. Dues in this membership category have not changed since FY15.

Individual
Proposed total budgeted dues revenue of $45,258 in this category is based on the current individual members at $125 each, as well as retirees at $62.50 each. Dues in this membership category have not changed since 2004.

Student
A modest amount of revenue of $21,120 from student dues is budgeted for members not affiliated with an ADEA Member Institution who therefore pay for their memberships. Proposed total budgeted dues revenue in this category is based on student members paying $40 each. Dues in this membership category have not changed since 2004.

Publications Revenue ($354,700)
The proposed total budget for publications revenue for FY2021 shows a decrease in revenue from the FY2020 budgeted revenue of $129,000. The decrease, which will be offset by a decrease in expenses, is associated with the outsourcing of the Journal of Dental Education beginning in January 2020. This change has been in the works for the last two years.

Journal of Dental Education (JDE) Subscriptions
The proposed JDE subscription sales budget of $50,000 reflects the royalties and signing bonus for outsourcing the JDE to Wiley as of January 1, 2020. As part of the negotiated agreement ADEA will receive a contract signing bonus of $100,000, which will be amortized ratably over 5 years at $20,000 per year.

ADEA Official Guide to Dental Schools
Publication sales of $75,000, a 6% decrease, are based upon the demand that we have been seeing in this area.

Advertising and web sales
The proposed FY2021 budget is $211,000. We have rolled up all our advertising and web-based pay per view articles into one category to allow us to focus more directly on all of these areas with our new advertising firm. We are expecting a decrease in this area from 2019.

Application Fees ($20,889,228)
Revenue from application fees for all ADEA’s centralized application services has been budgeted based on actual FY2020 performance and projects a slight decline in the number of applicants, consistent with current performance.

ADEA AADSAS (ADEA Associated American Dental Schools Application Service)
Revenue for ADEA AADSAS, projected at $12,603,123, is based on 10,593 applicants with 9.5 designations each. This is consistent with the 2020 cycle actual results. The budget includes a
$4 increase in the initial designation fee of $253 and a 3% increase of $3, to $111, for each additional designation. These projections are conservative based on FY2020 projected results.

The ADEA AADSAS Fee Reduction Program budget of $225,000 for FY2021 is consistent with FY2020. The purpose of this allowance is to provide reduced application fees for those applicants with demonstrated financial constraints. We increased the allowance to further assist those applicants with financial constraints absorb the higher than normal increase in the designation costs.

ADEA CAAPID (ADEA Centralized Application for Advanced Placement for International Dentists)
Projected revenue for ADEA CAAPID is $2,253,615. This figure is based on a projected 2,275 applicants selecting an average of 6.6 designations. The budget includes an increase in the initial designation fee to $258 and an increase to $111, for additional designations.

ADEA PASS (ADEA Postdoctoral Application Support Service)
Projected revenue for ADEA PASS is $6,064,800 based on 5,700 applicants. The initial designation fee of $194 increased for the first time since FY14, with a 2.5% increase of $2, to $87, in the additional designation fee.

ADEA DHCAS (ADEA Dental Hygiene Centralized Application Service)
This centralized application service for dental hygiene programs launched in August 2013. The projected revenue for ADEA DHCAS is $85,500 based on 1,200 applicants. The initial designation fee is $50 and $35 for each additional designation. These fees remain unchanged from FY2020 as we continue our efforts to attract applicants and schools to this application service.

Grants & Contributions ($573,614)

Foundation and Grant Support
Budgeted support of $634,614 is based on anticipated continued support from the Robert Wood Johnson Foundation for the Association of American Medical Colleges/ADEA Summer Health Professions Education Program and funds raised for the ADEAGies Gala.

Fellowships and Scholarships
This category is budgeted at $17,500 based on ADEA’s portfolio of annual fellowships and scholarships.

Meetings Registration and Exhibits Revenue ($3,294,207)

Association meetings overall have been budgeted for FY2021 based on the ADEA Board of Directors’ goal of financial neutrality while considering specific subsidies as approved by the Board of Directors.

ADEA Annual Session & Exhibition Fees
Revenue from registration fees and exhibitor fees for the FY2021 ADEA Annual Session & Exhibition in Chicago, IL are budgeted at $1,579,108 based on historical data and trends from the previous annual meetings.

ADEA Deans’ Conference Fees
The proposed $51,000 budgeted revenues include a Deans’ Conference Assessment of $750 that is paid by all U.S. and Canadian dental schools in attendance.

Sponsor Fees
Budgeted at $935,000, this figure includes sponsorship of various conferences and programs for members and partners throughout the year. These figures are based on prior year actual figures, current commitments, prospective commitments and the current economic climate. With the consolidation in the industry, we must work harder to bring in new corporate sponsors.

Other Conferences
Registration revenue of $729,209 is lower than prior years. Modest increases in conference fees and meeting attendance are included in this estimate. In addition to annual meetings (such as the ADEA Fall Meetings, the ADEA Allied Dental Program Directors’ Conference, the ADEA Summer Program for Emerging Academic Leaders, and the ADEA Leadership Institute), we will conduct the ADEA Allied Dental Faculty Leadership Development Program, the ADEA New Deans’ Orientation, and a series of webinars.

Investment and Other Income ($275,000)
Investment income from ADEA’s cash reserves and operating accounts at $275,000 in FY2021 and will be offset for operating budget purposes by investment fees and other related expenses. In addition, we are budgeting to spend $175,000 in investment income on grants distributed by the Gies Foundation.

EXPENSES
Total expenses recommended in the proposed FY2021 budget are $27,699,114. The expenses in the FY2021 budget are $1,334,671 (5%) higher than the FY2020 budget and $426,000 (1.5%) higher than the FY2019 actual expenses. These differences in expenses occurred in multiple areas throughout the organization as resources are allocated per FY2021 priorities.

Personnel Costs and Fees
Total Personnel Costs and Fees are projected at $11,132,724 in the proposed FY2021 budget. This is $543,550 more than the FY2020 budget and $1,168,000 (9.4%) less than ADEA’s FY2019 actual Personnel Costs and Fees. Staffing costs have been consistent in the $8.5 to $9 million range over the past few years. The decreases in this area have come from the reduced use of consultants. The organization has made a concerted effort to reduce expenses in this area.

While additional positions have been added for accounting and finance functions, the total number of recommended positions has stayed steady at 71 staff.

Temporary Salaries
Expenses for temporary staff are budgeted at $114,058 based on projections for FY2021. This is consistent with the FY2020 budget and a $280,000 decrease from FY2019 actual costs.

Payroll Taxes and Other Benefits
Payroll taxes and benefits are budgeted at 23% of salaries. This is in line with the past, where taxes and benefits ranged from 20–23% of salaries.

Legal Fees
Legal fees of $90,000 are based on historical experience and projections of required services in FY2021, including the participation agreements with the member schools.

Consultants, Honoraria and Stipends
This expense is budgeted at $864,703. The proposed Consultants, Honoraria and Stipends budget includes support for a variety of services, such as for editorial and production services, as well as consultants for ADEA’s website initiatives. These costs have decreased significantly, approximately 50% from FY2019 actuals and 5% from the FY2020 budget. This reflects some of the savings from bringing in-house previously outsourced finance, payroll and human resource
functions as well as the elimination of certain contractual arrangements consistent with our operating plans. In addition, during FY2019, there were significant consulting arrangements associated with developing personas to aid in applicant recruitment and exploring the future of the ADEAGies Foundation.

**Travel**
Travel is budgeted at $1,173,120, which is a decrease of $102,521 from the FY2020 budget, but an increase of $117,000 from FY2019 actuals. The amount of travel can vary from year to year, depending on the location and types of meetings held. The organization has taken concrete steps to reduce travel costs through better planning, stronger controls, better management and increased staff accountability.

**Other Costs**

**Bank and Credit Card Charges**
The budgeted expense of $358,593 for credit card processing fees for FY2021 is based on projected credit card revenue for FY2021 and industry fee structure. Credit card processing fees stayed even for FY2021 and are related mainly to the centralized application services.

**Developmental Programming and Data Processing**
The combined budgeted expense for both categories is approximately $6.5M compared with $5.88M in the FY2020 budget. This increase is primarily driven by the implementation of Higher Logic, an online community for our members and staff and additional costs associated with application services.

**Computer Operations**
The budgeted expense of $906,911 reflects ADEA's continuing investment in technology. While these costs have increased over the last few years, the increases have been partially offset by cost reductions in other areas. We anticipate this area will continue to require future investments to keep up with a rapidly changing technological environment and to take advantage of the improvements in data collection and analysis. This is consistent with our strategic plan, especially as it relates to the gathering and use of data in our work.

**Telephone/Internet**
The budgeted expense of $222,845 reflects a change in the grouping of expenses as part of our changes in the accounting system and future reporting. It covers the office phones as well as phone and internet at our meetings.

**Postage/Freight**
The budgeted expense of $101,655 is consistent with prior years and has decreased slightly from FY2019 actuals. This category covers organizational mailings, including all publication and membership materials. It also covers shipping expenses for ADEA’s meeting materials, including to and from the ADEA Annual Session & Exhibition. This number is expected to decline in future years as ADEA does less direct mail and relies more on electronic communication.

**Office Supplies**
The budget for FY2021 in this category is $52,850. These costs have decreased over the years as ADEA has increased investments in technology, allowing enhanced efficiency and productivity.

**Printing/Reproduction**
The combined $201,602 budgeted expense for both categories is based on the estimated printing costs for meeting materials and publications. This expense covers all booklets,
brochures, flyers and banners for all ADEA meetings. Printing costs for all ADEA publications, such as the Journal of Dental Education, ADEA Snapshot of Dental Education, ADEA Official Guide to Dental Schools, and other documents such as the ADEA House of Delegates manual. This line item also reflects a significant decrease in expenses with the outsourcing of the JDE, which was discussed earlier in the Revenue section of this memo.

Rent/Refurbishing
The budgeted expense of $1,920,000 reflects the annual escalation costs in the lease. The additional space leased in 2017 has been effectively used as a conference facility, allowing more meetings to be held at ADEA’s Washington, DC offices instead of out of town locations. This has helped us save on travel costs and host events for our partners, strengthening our efforts to cultivate closer relationships. The space includes a state-of-the-art studio to produce webinars and online content. We are exploring ways to monetize this space and increase its use.

Depreciation/Amortization
These are noncash expenses and the combined budgeted expense of for both categories is $552,000. This is due to the increased amortization for the leasehold improvements that were made to the new space being spread over the 10-year life of the lease and investments in information technology and audio-visual equipment in the new meeting space. A lower rate in the amortization of improvements in the Application Services software reduced this budget for FY2021.

Equipment Rental
This line item is for equipment rental for items such as copiers and postage machines. The budgeted expense for FY2021 is $74,308 and maintenance of some of the equipment is included in the lease cost. This budget also reflects a refinement in the budgeting process to allow us to track meeting expenses better in the future.

Repairs and Maintenance
This line item is for repairs and maintenance of equipment throughout the organization. The budgeted expense for FY2021 is $4,500.

Insurance
This line item is for Corporate Liability insurance, Directors and Officers Liability insurance and Cybersecurity insurance to protect the organization considering the large number of individual financial transactions that occur through ADEA’s application services. The budget for FY2021 is $115,284.

Dues/Subscriptions/Membership Fees
For FY2021, we have budgeted $120,324. As a professional association with many partners and allies, ADEA is most successful working together toward common goals. We have closely examined these costs across the organization and have reduced the costs from prior years.

Employee Professional Development
Total employee professional development expenses have been budgeted at $20,850, which approximates historical norms over the last four years. We are working to use these funds more efficiently.

Miscellaneous Expense
Miscellaneous Expenses for FY2021 are $67,335 and consist of those items in each of the budget areas that do not fit into a specific category. These costs have ranged from $800 to $67,000 in the FY2017–FY2020 time frame.
Meeting Expense
The budget for meetings expense is higher than prior years at $3,269,382 and is one of the main benefits ADEA provides to members, sponsors and partners. This category includes participant food and beverage costs, audiovisual equipment, speakers and facilitators, meeting space rental and other meeting related costs for the ADEA Fall Meetings, ADEA Deans’ Conference, ADEA Sections on Business and Financial Administration and Clinic Administration (BFACA) Meeting, ADEA Annual Session & Exhibition, and the ADEA Allied Dental Program Directors’ Conference, in addition to a variety of other ADEA conferences.

Donated Services
Donated Services usually consist of professional services donated to the organization from supporters and partners. In past years donated services have ranged from $12,000 to $46,000 annually.

Recruitment and Retention
With the creation of an internal Human Resources department in FY2017, top caliber personnel were recruited, which allowed more thorough and effective searches for new employees without the need for outside assistance. In FY2021, this is another area where cost reductions resulted from the creation of an in-house Human Resources department.

Awards and Fellowships
ADEA recognizes achievement and distinction among its members through an awards program. In conjunction with ADEA’s corporate partners, ADEA offers student scholarships, awards for educators and funding opportunities for various fellowships. The budget for FY2021 is $185,000.

Marketing and Promotion
Total marketing costs budgeted for FY2021 is $500,690. Beginning in FY2020 ADEA separated the overall marketing budget into its key elements and separate line items. The line items for FY2021 include Design ($184,025), ADEA Advertising ($100,000), Media ($52,500), Commission ($87,565) and Promotional Items ($76,600). Breaking out these items allows for better tracking of ADEA’s overall marketing expenses and provides better information to determine where to allocate marketing resources. On a combined basis, these line items for Marketing and Promotion total $500,690, which is an increase from the FY2020 budget of $19,000. These additional costs are budgeted to help ensure demand for our publications, application services, and other programs.

Bad Debt Expense
Bad Debt expense is incurred when an advertiser or sponsor has been extended credit and does not follow through with payment. We do not normally budget for bad debt or uncollectible receivables, but in past years Bad Debt expense has ranged from $8,500 to $36,000 on an annual basis.

Business Meals and Entertainment
The budget for this area is $48,900 and the increase reflects a move away from dinners and receptions at restaurants rather than at the hotel. There have been corresponding reductions in catering costs at meetings.

Contribution to Reserves
Contributions to Reserves are not budgeted. The ADEA Board of Directors made a contribution to reserves of $850,000 during FY2018 for FY2017. If there is an operating surplus in FY2020 or FY2021, the ADEA Finance Committee will make a recommendation to the Board of Directors to make a reserve contribution equal to one-half of that surplus. This recommendation is usually
made after the audit is completed for a given fiscal year. There will be a deficit for FY2019 and no contribution to reserves is expected to be recommended. But at this time, we have reached six months in reserve, thus meeting the goal previously established.

Capital Expenditures
We are also budgeting for an outlay of $98,000 for capital improvements, especially in the computers and other electronic equipment. Some of our equipment is approaching the end of its useful life. In some cases, we have gone beyond the useful life of the equipment. These are items that will be treated as an asset and depreciated in the coming years.

Preamble
The American Dental Education Association (ADEA) is incorporated as a District of Columbia nonprofit corporation and as such is subject to the District of Columbia Nonprofit Corporation Code. As established by its Articles of Incorporation, the purpose of the Association is to advance and support dental education, dental research and the dental health and education of the general public, and it is recognized by the Internal Revenue Service as a 501(c)(3) organization.

Chapter I: The House of Delegates—The ADEA Governing Body

A. Function, Powers, Obligations and Duties

1. Functions, Powers and Obligations. The House of Delegates is the Association’s governing and legislative body. The House of Delegates manages the property, business and affairs of the Association in accordance with these Bylaws and the purposes of the Association, and has the power:
   a) To enact and, where appropriate, enforce policies of the Association;
   b) To approve all resolutions in the name of the Association;
   c) To elect Active, Provisional and Honorary Members;
   d) To approve changes to the Bylaws, Policy Statements and Position Papers;
   e) To approve new sections;
   f) To establish branch offices of the Association or change the location of the ADEA Headquarters;
   g) To elect the Chair-elect of the Board of Directors of the Association;
   h) To elect nominees for representation in other organizations when so requested; and
   i) To serve as an advocate on behalf of all Association policies and positions.

2. Duties. As the ADEA governing body, pursuant to the District of Columbia Nonprofit Code, members of the House of Delegates, are expected to discharge their duties in good faith with the care an ordinarily prudent person in a like position would exercise under similar circumstances in a manner the Delegate reasonably believes to be in the best interests of the Association; and in doing so to disclose to their fellow Delegates known information relevant to the issues being considered by the House of Delegates.

B. Composition
The House of Delegates is comprised the following:

1. The Officers;
2. The Council of Deans is represented by all of its members;
3. The Council of Faculties is represented by all of its members from Institutional and Provisional Member institutions and one member elected from the members from the Canadian Faculties of Dentistry;
4. The Council of Allied Dental Program Directors is represented by its Administrative Board and one delegate for every 10 of its member programs (or major portion thereof) in each of its four membership categories—dental assisting education, dental hygiene education, dental laboratory technology education and advanced allied dental education. Each category is represented by at least two delegates; a minimum number is not required in the event that there are less than 10 programs in a particular category.
5. The Council of Advanced Education Programs (COAEP) is represented in the ADEA House of Delegates by its Administrative Board, one representative from each of the ADA-recognized dental specialties, two representatives from advanced education in general dentistry programs plus one delegate for every 10 COAEP member programs. COAEP shall have at least 16 Delegates. Delegates do not need to be a current Program Director or Chief of a Hospital Dental Service.

6. The Council of Sections is represented by each Section’s Councilor, Section Chair and its Administrative Board members. If a Section Councilor and/or Section Chair is unable to serve as a Delegate in the House of Delegates, he or she may appoint either the current Section Chair-elect or Section Secretary to be ratified to serve as the alternate Delegate;

7. The Council of Students, Residents and Fellows is represented by its Administrative Board; by 12 members of the Council of Students, Residents and Fellows (one each from each of the 12 districts recognized by the Council); by four advanced dental students, residents or fellows and by six allied dental students;

8. The Corporate Council is represented in the House of Delegates by its Administrative Board.

9. Delegate Selection
   a) All members of the Council of Deans serve as Delegates to the House of Delegates.
   b) All members of the Council of Faculties from Institutional and Provisional Member Institutions serve as Delegates to the House of Delegates. One member as elected by the members from the Canadian Faculties of Dentistry also serves as a Delegate to the House of Delegates. Members are elected or appointed by their institution.
   c) The Council of Allied Dental Program Director’s Delegates to the House of Delegates are nominated by members of the Council and approved by the Council’s Administrative Board. The Administrative Board also serves as Delegates to the House of Delegates.
   d) The Council of Advanced Education Program’s Delegates to the House of Delegates include representatives from the dental specialties who are nominated and reviewed by the Council’s Administrative Board. Delegates that represent programs may self-nominate or are nominated by the Council’s Administrative Board. Delegates are appointed by the Council’s Administrative Board.
   e) The Council of Sections Delegates to the House of Delegates include the Councilor and Chair of each Section. The members of the Administrative Board also serve as Delegates to the House of Delegates.
   f) The Council of Students, Residents and Fellows elects Delegates at the ADEA Annual Session & Exhibition. Each member institution represented at the Council meeting to elect Delegates gets one vote.
   g) The Corporate Council Delegates to the House of Delegates consist of the Council’s Administrative Board.

g) Resolutions proposing expenditure of Association funds must be accompanied by a cost impact statement estimating the amount of funds required and the period of expenditure.

h) Resolutions proposing changes in the ADEA policies and Bylaws must specify how the ADEA Policy Statements, Position Papers and Bylaws would be affected.

6. Removal. A member of the House of Delegates may be removed with or without cause upon a majority vote of the Delegates whenever in the Delegates’ judgment the best interest of the Association would be served thereby, provided that all the Delegates have at least 21 days’ notice of the proposed removal and the Delegate at issue has an opportunity to address the House of Delegates personally, either by phone, in-person or electronically as determined by the discretion of the Board of Directors.

Alternates for the Councilors and Chairs may only be a current Section Chair-elect or Section Secretary. All Section Officers from each Section and Chairs of each Special Interest Group are eligible to participate in Council business meetings and may vote at those meetings. Section Councilors, Chairs and those who have previously served as a Section Councilor or Chair are eligible for election to the Administrative Board. The Council of Sections Section Councilor is elected by each Section to a three-year term. Councilors may be reelected to one additional three-year term. The quorum requirement for the transaction of any Council business, including the election of Members-at-Large and Board Directors, is one third of the total voting membership of the Council.

6. **The Council of Students, Residents and Fellows** consists of students, residents and fellows representing any of the following types of programs conducted by each Active, Provisional and affiliate member institution: (a) students, residents and fellows in a program leading to the D.D.S. or D.M.D. degree; (b) students, residents and fellows enrolled in advanced dental education programs; (c) students, residents and fellows in dental hygiene education programs; (d) students, residents and fellows in dental assisting education programs and (e) students, residents and fellows in dental laboratory technology education programs. The quorum requirement for the transaction of any Council business, including the election of Members-at-Large and Board Directors, is a majority of those members who attend a meeting at which an election occurs.

**Chapter VIII: Sections**

**A. Functions.**

A Section is a programmatic group that provides an opportunity for its members to exchange information on the Section’s specific academic and administrative interests.

1. Academic and administrative Sections are periodically asked by the House of Delegates, Board of Directors, Chair of the Board and President and CEO to undertake assignments and to comment on appropriate materials.
2. A Section is further encouraged to initiate projects and studies of benefit to the Association and its members.
3. A Section may submit resolutions to the House of Delegates.

B. Membership in a Section.

Each Section consists of any Individual, Student, Affinity Member, Retired and Honorary ADEA member interested in the Section’s particular academic or administrative area. An ADEA member may join any number of Sections, participate in the Section’s business affairs, vote and attend any meeting of a Section to which he or she belongs. To hold office, the ADEA member must also be a member of the Section.

C. Formation of a Section

1. To form a new Section, a group must have begun as a special interest group (SIG; see Chapter IX, Section C: Formation of a New SIG). When Section status is desired, the SIG must:
   a) Notify the Chair of the Council of Sections Administrative Board and Council of Sections Staff Liaison of the intent to propose a new Section.
   b) Prepare a proposal to support the case following criteria established by the Council of Sections Administrative Board.
   c) Submit the completed proposal to the Chair of the Council of Sections Administrative Board and the Council of Sections Staff Liaison no later than the designated deadline date.

2. The Council of Sections Administrative Board considers each proposal to form a new Section at its interim fall meeting.
   a) If the proposal is approved, the Council of Sections Administrative Board forwards the recommendation to the Board of Directors for consideration at its subsequent meeting.
   b) If the recommendation is approved by the Board of Directors, the Board of Directors forwards a resolution to form the new Section to the House of Delegates for hearing at the subsequent Annual Session & Exhibition.
   c) Only the House of Delegates has the authority to approve a resolution proposing a new Section. Upon approval by the House of Delegates, a new Section begins operation immediately. If the proposal is not approved, the SIG may resubmit its request in a subsequent year.

D. Review.

The Council of Sections Administrative Board reviews each Section annually. A review of performance is based on criteria established by the Council of Sections Administrative Board:
1. The Administrative Board may impose corrective actions, including probation, for those Sections that fail to submit annual reports or perform prescribed functions.

2. The Council of Sections Administrative Board may recommend that a Section be disbanded or suggest that two or more Sections be merged into one Section based on strong similarities.
   a) The Council of Sections Administrative Board forwards a recommendation that a Section be disbanded or merged to the Board of Directors.
b) If the recommendation is approved by the Board of Directors, the Board of Directors forwards an appropriately worded resolution to the House of Delegates for hearing at the subsequent Annual Session & Exhibition.

c) Only the House of Delegates has the authority to disband a Section or merge Sections.

E. Officer and Term of Office.
Each Section has a Councilor, who serves a three-year term of office, and a Chair, Chair-elect, and Secretary, who serve one-year terms in each office in succession.

1. Qualifications: A person must be a member of the Association and a member of the Section to be eligible for office in that Section. In the instance of Councilor, the person must first have served through the Officer positions, including the Chair, to be eligible for election to the Councilor position.

2. Duties:
   a) It is the duty of the Councilor to provide continuity of leadership for the Section and mentoring of new Section Officers; attend the ADEA Annual Session & Exhibition and interim meetings of the Council of Sections; serve as a Delegate in the House of Delegates during the Annual Session & Exhibition; assist in planning, implementing, and assessing Section programs and projects; prepare and submit the Section annual report after each Annual Session & Exhibition to the Council of Sections Staff Liaison; and serve as Section liaison with the Council of Sections Administrative Board.
   b) It is the duty of the Chair to provide leadership in the coordination of Section activities; attend the Annual Session & Exhibition and interim fall meetings of the Council of Sections; chair Section meetings; assist in planning programs for Section meetings; and serve as a Delegate in the House of Delegates during the Annual Session & Exhibition.
   c) It is the duty of the Chair-elect to serve as Chair in the absence of the Chair; attend the ADEA Annual Session & Exhibition and interim meetings of the Council of Sections; perform any Section-related duties requested by the Chair; serve as Chair of the Nominating Committee, which receives and considers nominations and recommends eligible candidates to stand for election for Section office; and serve as the Program Chair for the Section and be responsible for submitting program proposals on behalf of the Section.
   d) It is the duty of the Secretary to record the minutes of Section meetings and disseminate them to the Section membership; attend the Annual Session & Exhibition and interim meetings of the Council of Sections; submit the minutes and current Officer contact information to the Section Councilor for submission with the Section annual report to the Council of Sections Staff Liaison; publish and disseminate a Section newsletter; and perform any Section-related duties requested by the Chair.

3. Succession: Each year the Secretary succeeds to the office of Chair-elect, and the Chair-elect succeeds to the office of Chair. There is no automatic succession to the office of Councilor.

4. Nominations: Before each ADEA Annual Session & Exhibition, the Nominating Committee (Chair-elect and two Section members who are not Officers) recommends eligible candidates for the office of Secretary. Every third year, the Committee recommends eligible candidates for the office of Councilor. Additional nominations for these offices may be made from the floor at the Section business meeting during the Annual Session & Exhibition when the nominating committee does not receive any
nominations via the Call for Nominations process. An individual’s eligibility for the open position will be reviewed and vetted by the nominating committee.

5. **Election:** Section Officers are elected at the Section Members’ Forum held at the Annual Session & Exhibition. The method of voting is left to the discretion of the Chairs or presiding officer. Sections that hold meetings at other times during the year, in which a majority of their members attend, may elect their officers at those meetings with installation of the new officers at the conclusion of the ADEA Annual Session & Exhibition following the mid-year meeting of a section.

6. **Installation:** All Section Officers take office after the conclusion of the Closing of the House of Delegates at the Annual Session & Exhibition.

7. **Consecutive and Simultaneous Terms of Office:** A Section Councilor may serve two consecutive three-year terms. A person may not hold more than one Section Officer position simultaneously or hold office in more than one Section simultaneously.

8. **Replacement of Vacancy:** If the position of Chair, Chair-elect, or Secretary becomes vacant, the remaining Section Officers appoint another member of the Section to serve out the unexpired term. If the Councilor is unable to serve for any reason, a new Councilor will be elected by mail or electronic ballot by the Section members to serve out the unexpired term.

**Chapter IX: Special Interest Groups (SIGs)**

**A. Functions.**

A Special Interest Group (SIG) provides an opportunity for its members to exchange information and work together on specific academic or administrative interests in dental, allied dental and advanced dental education not otherwise routinely addressed by an established Section. The structure of a SIG provides an opportunity and provides a means for a group of ADEA members to focus on areas of common interest.

1. A SIG may be assigned tasks by the Board of Directors, House of Delegates, or the Council of Sections Administrative Board on related studies of benefit to the Association and its members.

2. Each SIG Chair may be an active voting member of the Council of Sections at Council business meetings.

**B. Participation and Membership in a SIG.**

A SIG consists of any Individual, Student, Affinity Member, Retired and Honorary ADEA member interested in the SIG’s particular academic or administrative area. An ADEA member may join any number of SIGs and attend any meetings of a SIG to which he or she belongs.

**C. Formation of a New SIG**

1. To form a new SIG, an individual or group must:
   a) Notify the Chair of the Council of Sections Administrative Board and the Council of Sections Staff Liaison of the intent to propose a new SIG.
   b) Prepare a proposal to support the case following criteria established by the Council of Sections Administrative Board.
2. **The Council of Sections Administrative Board considers each submitted proposal:**
   a) If the proposal is approved, the Council of Sections Administrative Board forwards its recommendation to the Board of Directors for consideration at its subsequent January meeting.
   b) If the proposal is approved by the Board of Directors, the SIG begins operation immediately upon notification by the Chair of the Council of Sections Administrative Board.

D. **Review.**

Each year, the Council of Sections Administrative Board reviews each SIG and its performance based on criteria established by the Council of Sections Administrative Board.

1. The Administrative Board may impose corrective actions, including probation, for a SIG that fails to submit an annual report or perform prescribed functions.

2. The Council of Sections Administrative Board may disband a SIG.

E. **Officer and Term of Office.**

Each SIG must have a Chair, who serves a one-year term. A Chair may serve three consecutive one-year terms if reelected by the members. The SIG may voluntarily form a leadership organizational structure similar to that of a Section (Chair, Chair-elect and Secretary) for managing the business of the group. The SIG Chair is the only Officer who can vote in the Council of Section’s business meetings.

1. **Qualifications.** A person must be a member of the Association and a member of the SIG to be eligible for office in that SIG.

2. **Duties.**
   a) The duties of the Chair are to: provide leadership in the coordination of SIG activities, attend the ADEA Annual Session & Exhibition and interim fall meetings of the Council of Sections, Chair SIG meetings, plan programs for SIG meetings, record the minutes of SIG meetings and disseminate them to the SIG membership and submit the SIG annual report and business meeting minutes.
   b) If a SIG chooses to have a leadership organizational structure similar to that of a Section, see Chapter VIII, Section C, 4 for Officer duties.

3. **Succession.** If a SIG chooses to have a leadership organizational structure similar to that of a Section (i.e., Chair, Chair-elect and Secretary), the Secretary succeeds to the Office of Chair-elect, and the Chair-elect succeeds to the Office of Chair.

4. **Nominations, Elections, Terms and Installation.** If a SIG has a leadership organizational structure similar to that of a Section, before each ADEA Annual Session & Exhibition, the Nominating Committee (Chair-elect and two SIG members who are not Officers) receives and considers nominations and recommends eligible candidates to stand for election for the SIG office. Each year, a Chair is elected to serve a one-year term. Chairs may serve a maximum of three one-year terms. SIG Officers are elected at the SIG business meeting held at the ADEA Annual Session & Exhibition. A SIG Officer takes office at the conclusion of the ADEA Annual Session & Exhibition. A person may not
hold office in more than one SIG simultaneously. SIG Chairs are not eligible to serve as an alternate in the House of Delegates.

5. **Replacement of Vacancy.**
   a) If the position of Chair becomes vacant, the SIG members must nominate and elect another member of the SIG to serve out the unexpired term by mail or electronic ballot.
   b) If a SIG chooses to have a leadership organizational structure similar to that of a Section (i.e., Chair, Chair-elect and Secretary), the remaining Officers will appoint a SIG member to serve out the unexpired term of the Officer whose position has become vacant.

F. **Establishing a Section from a Special Interest Group**

1. A SIG is eligible to apply for Section status after a minimum of two years of viable leadership and sustainable membership. If the SIG chooses to apply for Section status, it must:
   a) Prepare a proposal to support the case following criteria established by the Council of Sections Administrative Board located in the ADEA Governance Policy and Procedures Manual.
   b) Submit the completed proposal to the Chair of the Council of Sections Administrative Board and the ADEA Staff Liaison to the Council of Sections no later than the designated deadline date.

2. The Council of Sections Administrative Board considers each proposal that has been submitted.
   a. If the proposal is approved, the Council of Sections Administrative Board forwards the recommendation to the Board of Directors for consideration at its subsequent meeting.
   b. If the recommendation is approved by the Board of Directors, the Board of Directors forwards a resolution to form the new Section to the House of Delegates for hearing at the subsequent ADEA Annual Session & Exhibition.
   c. Only the House of Delegates has the authority to approve a resolution proposing establishing a SIG as a Section. Upon approval by the House of Delegates, the new Section begins operation immediately. If the proposal is not approved, the SIG may resubmit its request in a subsequent year.
