

	Strong (5 pts.)	Developing (3 pts.)	Emerging (1 pt.)
Innovative idea/project is well-defined ("what")	<ul style="list-style-type: none"> The proposal clearly defines how the idea/project is a departure from current practice. The idea/project challenges long-held assumptions and values by supporting risk-taking, creativity and excellence. 	<ul style="list-style-type: none"> The proposal defines an innovation but does not clearly demonstrate how the idea/project will create a new way of doing things. Not clear how the proposal supports risk-taking, creativity and excellence. 	<ul style="list-style-type: none"> The proposal does not adequately define an innovation.
Significance/rationale ("why")	<ul style="list-style-type: none"> The proposal provides a convincing argument regarding the importance of the idea/project to the future of dental education. 	<ul style="list-style-type: none"> The proposal includes the significance of the idea/project but lacks a convincing argument for why the idea/project is important to the future of dental education. 	<ul style="list-style-type: none"> The proposal does not address the significance of the idea/project.
Collaboration and resources ("who")	<ul style="list-style-type: none"> The proposal outlines how the idea/project will be accomplished through a collaborative effort. Resources necessary for carrying out the project are addressed (goes beyond financial resources and addresses such things as people, time, etc.). 	<ul style="list-style-type: none"> The proposal outlines an idea/project that is mostly the doing of one person. Resources necessary for carrying out the project are not clearly addressed. 	<ul style="list-style-type: none"> The proposal does not address who will carry out the idea/project. Resources necessary for carrying out the project are not addressed.
Implementation ("how")	<ul style="list-style-type: none"> The proposal clearly addresses how the idea/project will be implemented and carried out with a realistic scope and timeline. If the idea/project has already been implemented, it is clear what stage the project is in and what the next steps are. 	<ul style="list-style-type: none"> The proposal has elements of implementation but it is not clear how the idea/project will be carried out. The proposal is unrealistic in scope and timeline. If the idea/project has already been implemented, it is not clear what the next steps are. 	<ul style="list-style-type: none"> The proposal lacks a clear vision for how the idea/project will be implemented and carried out.
Measurement of outcomes of innovation ("how will you know")	<ul style="list-style-type: none"> The proposal clearly defines the measures that will be used for determining the impact and outcome of the innovative idea/project. 	<ul style="list-style-type: none"> The proposal includes some measures, but the measures are not clearly aligned with the objectives or may not produce information that is easily analyzed for idea/project improvement. 	<ul style="list-style-type: none"> The proposal does not include measurement of outcomes.
